BISR Social Research Award

BISR is introducing a social research award to recognize the best social research work of the Bangladeshi researcher(s). Nominations for articles or books published in the field of social sciences in the year 2018 will only be considered. Individuals or organizations like researchers, teachers, universities, research organizations, and publishers are hereby invited to send nomination for Best Research of the Year 2018. Nomination must be submitted with full citation on or before 30 August 2019 via email to: bisrtrust@gmail.com. Nominations for outstanding contribution will be reviewed by independent review committee for award after receiving all the nominations. BISR reserves the rights to consider or select any paper for the award.

About Bangladesh Institute of Social Research (BISR) Trust

Bangladesh Institute of Social Research (BISR) Trust is an independent, non-profit, non-party multi-disciplinary think tank established in 2003 with an aim to conduct research on various fundamental and critical development issues of Bangladesh. The organization goes with publication of its research findings in the form of article mainly in different international journals. Till June 2019, it has published its research findings in **45** national and international peer-reviewed journals. It awards some adjunct fellowships each year. It organizes the seminar, workshop and expert consultation session from time to time on current development issues. So far BISR have successfully completed **60+** research studies covering climate change, disaster management, water and sanitation, biodiversity conservation, socio-economic, micro-credit, micro-enterprise, market, labour, ethnic, marginal and exclusive group, public health, and institutional development, etc. Moreover, the organization also completed **120+** consultancy works covering water resource management, market development, human rights and governance, resettlement, environment, climate change and disaster management, livelihood, labour and manpower, health and family planning, agriculture and fisheries, media and mass communication, rural and infrastructures development, and women in development related studies.
